EDITOR'S BOTTOMLINE

BEYOND THE REALM OF REASON: ***Navarathri brings different memories to us. As children, we used to visit houses in the neighbourhood to offer evening prayers to Goddess Durga and also to get a bit of the offerings made to the Goddess. But a bit of self-learning and the true flavour of festivity came much later in life, when I let the career go by slowly, and became more ponderous on other aspects of life in general, if I may use the word philosophical rather modestly.***

I used to pride myself as a man of science and meander about in the many aspects of its frontiers like space-time, quantum physics, entanglement etc. While I have not even scratched the surface of these areas, with my limited math background, it's a nice distraction to spend time on, specially when you have plenty of it in the evening of your life. So, I was distracted when my wife asked me to accompany her for Navarathri dance festival in a nearby temple mandap.

I was sitting rather inconspicuously trying to focus on the rather beautiful Abhinayas performed by the young girls. But all my light-hearted and critical scientific observations ended when an angelic young girl came to the stage and performed for the soulful *Swagatham Krishna* ***by Jesudas. It transformed me from my self-possessed so-called scientific temper to the present reality of an absolutely blissful mix of dance and music. I really don't know what bewitched me more. Was it the soulful pentatonic Mohanam raga which is also common in many East Asian countries too, or the melodious Jesudas rendering the Raga or the angelic dance by the little child. The sum effect was, I was shattered between the self-imposed scientific disposition on one end and the soul-stirring performing art on the other end.***

I was even more embarrassed when the organisers asked me to address the audience. In all humility and deep conviction I said, "I have no credentials to address this elite group of musicians and dancers here, but one thing I learnt. While science has some methods like reading, writing and thinking, I am absolutely clueless how such great arts like music and dance can be learnt in non-verbal languages and performed to elevate the audience to lofty heights of sublimation." Well, there is no end to learning and you can pick up from any incident, and at any time.

US man orders drill, receives tool photo!

Georgia: A US man was left bewildered after he received a photograph of a drill he had ordered instead of the actual tool.

Sylvester Franklin, 68, a Georgia resident, ordered the DIY appliance and a pressure washer for $40 from the budget online store, based in China, back in November.

A few weeks later when he received the delivery, Franklin found that the company had shipped a printed-out picture of the item, folded it up and placed it inside the package.

Frustrated by the scam, Franklin tried getting in touch with the retailer but he received no proper communication. "Don't scam nobody. I don't like to get scammed because if you spend your money, you want to get what you paid for," he said.

This wedding cake is jelly lovers' dream

Washington, D.C: Recently, a US chef who specialises in wedding cakes took her love for jelly to next level by creating a nine-tiered wedding cake entirely made of jelly.

In an Instagram reel, she demonstrated her method of layering jelly mixture in moulds, stacking them on top of each other to form the cake. After freezing the jelly into shape, she used a knife to create a textured pattern on cake.

The darker the night gets, the brighter the cake becomes. She also shared that making and setting up the cake at the wedding venue was challenging.

Sky Force, a film on Squadron Leader A.B. Devayya

Sir,

Thank you so much for your absorbing article titled **'Sky Force, a film on Squadron Leader A.B. Devayya'** (*Abracadabra* by K.B. Ganapathy) in *SOM* dated Jan. 31, 2025.

Your analysis of the movie 'Sky Force' has been forthright. However, the glaring distortion of facts by the film producers is unacceptable. Kodavas have immensely contributed and continue to contribute to Indian Armed Forces — Air, Army and Navy, during peace and war times.

I earnestly urge the producers of the film to tender an unconditional apology to the entire Kodava community members and all the Indians for the distortion of facts on Squadron Leader A.B. Devayya. A big blunder by the Film Censor Board of India is shameful.

Meanwhile, several eminent Kodavas have vented their anger against the producers of the film 'Sky Force,' in a video which has gone viral.

Excel Public School students qualify for CBSE National Skill Expo Finals

Mysuru, Feb. 5- Mysuru's Excel Public School (EPS) students have emerged as finalists at 'CBSE Skill Expo and Guidance Festival-2024' for their inclusive mobility solution - Marvel Kart.

Developed by Ronith Chetan Raj and Uzair Arafath Shaik of grade nine, Marvel Kart aims at bringing convenience and ease of commute for people with disabilities. The students participated in the Bengaluru region of the Regional Skill Expo & Guidance Festival and were shortlisted as one of the finalists.

The Finals is set to take place on Feb. 6, 2025, at Delhi Public School, Jodhpur, where 41 selected projects from 12 regions including Team EPS will get an opportunity to showcase their respective innovations.

Research shows nearly one-third of people with disabilities lack access to public or alternative transportation. To understand the problem first-hand, the students of EPS conducted a survey among people with disability at JSS Polytechnic in Mysuru and the findings highlighted issues such as public spaces not designed to accommodate their needs, apathy from drivers and conductors, non-availability of wheelchair-friendly transportation facilities, absence of ramp and uneven surfaces hindering intracity travel.

Motivated by these challenges, the EPS students embarked on the development of a unique kart to facilitate seamless intracity travel for people with disability. The innovative idea received a positive initial response from 92% of people in the survey.

Marvel Kart is a buggy for intracity travel that can be used within a 5-km radius in campuses, public spaces like exhibitions, zoos, tourist destinations and more. It employs a multi-pedalling system with an option to switch to automatic mode, giving users the freedom and autonomy to operate the vehicle.

The 4-seater buggy includes three seaters with hand pedals, and one for leg pedals, along with a driver's seat and steering. It also has an automatic slider with a pinion-and-rack lifting mechanism for easy boarding and de-boarding of wheelchairs.

The working prototype was developed by the students within 45 days under the guidance of their mentor, N. Santhosh Kumar.

Probe into MUDA 50:50 sites scam

Justice Desai Commission's tenure extended till May 31

Justice Desai

Mysuru, Feb. 5 (BLU&BCT)- The State Government has extended the tenure of the One-Man Judicial Inquiry Commission, led by retired High Court Judge Justice Padmaraj Nemachandra Desai, until May 31, 2025, to probe the Mysuru Urban Development Authority (MUDA) land allotment scam.

Secretary of the Department of Internal Administration (Law and Order), S. Nagaraju, issued the extension order under the Governor's directives.

The inquiry was initially launched through an official notification on July 14, 2024, under Sub-rule (1) of Rule 3 of the Inquiry Commission Act, 1952, following allegations of irregularities in MUDA's land allotments, particularly under the 50:50 ratio scheme.

The Government had constituted the Commission under Justice Desai's leadership, defining its scope and terms on July 23, 2024.

Now, based on Justice Desai's request, the tenure has been extended until May 31, 2025, through an order dated Jan. 6, 2025. A copy of the order has been sent to all relevant departments. However, Secretary Nagaraju clarified that the scope and terms of the inquiry remain unchanged.

Complainant raises objection

Meanwhile, complainant Snehamayi Krishna, who had raised concerns over MUDA's land allotments, has objected to the extension of Justice Desai's tenure. He alleged that Justice Desai had concealed the fact that he was debarred by the Central Government for three years for reportedly violating certain rules.

According to an order issued by the Union Ministry of Personnel, Public Grievances, and Pensions on Nov. 7, 2024, Justice Desai was barred from being appointed to any autonomous, legislative or statutory body, with the order applied retrospectively from Oct. 21, 2024.

"After I filed a complaint and the matter became public, Justice Desai approached the High Court, where the case is still pending. Extending the tenure of his Inquiry Commission while his petition is pending raises serious concerns," Krishna stated.

Mangaluru Kotekar Bank Robbery Incident

Banks in Mysuru deploy security personnel at ATM kiosks

Mysuru, Feb. 5 (BLU&KS)- Following Kotekar Co-operative Bank dacoity in Mangaluru last week, city's nationalised and Private Banks, which have woken up, have taken preventive steps by deploying security personnel in their Banks and ATM kiosks.

The Banks have also reduced the gap of the entrance door so that only one person can enter the Bank at a time. By reducing the entry area of the Bank, robbers will not find it easy to escape from the Bank after committing crime.

Star of Mysore had also highlighted lack of adequate security at ATM kiosks in city by publishing a news item titled 'Spike in ATM kiosk robberies: 90 percent of ATMs in city lack security' on Jan. 24.

It may be recalled that last week, dacoits had robbed Kotekar Co-operative Bank in Mangaluru and had made away with cash and gold worth Rs. 12 crore from the Bank. The Police, who swung into action had arrested four persons in connection with the Bank dacoity and had recovered nearly 18 kg gold and Rs 3.8 lakh cash.

Also, on Nov. 19, 2013, Bank Officer Jyothi Uday, who had gone to the Corporation Bank ATM on J.C. Road in Bengaluru to withdraw money was brutally assaulted with a lethal weapon by one Madhukar Reddy resulting in Jyothi sustaining serious injuries.

Following the Bengaluru incident, security was beefed up in ATMs across the State and security guards used to work for 24 hours in three shifts. As the Banks incurred additional expenditure by employing three security guards – one for each shift – they (Bank) cut down on the number of security guards.

Now, following Bank dacoities in Mangaluru and other places, the Banks have deployed security guards to work in three shifts at a few ATM kiosks besides taking steps to see that CCTV cameras installed in Banks and ATM kiosks were working and maintained properly.

Clean City: MCC gears up to become No.1

Swachh Survekshan from Feb. 15 to April 30; MCC Commissioner Shaikh Tanveer Asif elicits opinions of stakeholders

Mysuru, Feb. 5 (PM&BS)- With the Union Ministry of Housing and Urban Affairs launching Swachh Survekshan (Clean City Survey) from Feb. 15 across the country, Mysuru City Corporation (MCC) is preparing to regain the top rankings as Clean City.

A meeting chaired by MCC Commissioner Shaikh Tanveer Asif to seek the opinions of representatives of various organisations and associations, heads of NGOs and stakeholders of the city, was conducted at Sri Jayachamaraja Wadiyar Hall at MCC yesterday.

It was elaborately discussed about the steps to be taken to secure the top rankings and the action taken in the previous years, to effectively implement the best practices and the novel measures to be adopted suiting the relevant conditions.

For two consecutive years, in 2015 and 2016, Mysuru had been adjudged as No. 1 in overall category of clean city rankings, turning the attention of the country. However, in the later years, the city failed to retain the slot in top rankings. Now, the MCC is preparing to bounce back, in full coordination with the associations, organisations and the general public, leveraging its efforts to the fullest, with Swachh Survekshan to be conducted from Feb.15 to April 30.

About 20 suggestions came in during the meeting, with the stress mainly on checking the use of plastic, prohibiting banners and flex boards, speedy action over the complaints related to cleanliness, handling of construction debris and reforms in practice of collecting waste.

The suggestions, which were considered best, were rewarded with prize by the MCC.

In his address, MCC Commissioner Asif said, "I held a meeting of Officers on Monday, issuing directions about their roles and responsibilities and the department-wise duties to be discharged respectively. The MCC aims to bag Clean City tag in the forthcoming Swachh Survekshan to emerge as No. 1 in the country, at least in the category of Big Cities. In the coming days, a meeting of general public shall also be conducted to seek their opinions."

President of Mysuru Hotel Owners Association C. Narayanagowda, Founder-President of Mysore Grahakara Parishat (MGP) Bhamy V. Shenoy, Head of GSS Foundation G.S. Srihari, President of Mysore Chamber of Commerce and Industries (MCCI) K.B. Lingaraju, heritage expert Prof. N.S. Rangaraju, were prominent among others, who attended the meeting.

Chief Health Officer of MCC Dr. Venkatesh, Assistant Executive Engineer (AEE) Mruthyunjaya, Environment Engineer Mythri and other Officers were present.

Netaji Nagar, a 'jinxed locality' with no basic amenities

Several grievances submitted to officers, elected reps including CM Siddaramaiah, but to no avail, rue the residents

Mysuru, Feb. 5 (MK&BS)- Like we have heard of jinxed cities, here is a jinxed residential layout, that last saw its basic amenities in order, about three decades ago. Cut to present, it presents a sorry state of affairs, with the roads riddled with potholes and manholes overflowing, forcing the residents to live amidst unhygienic conditions.

Netaji Nagar is located amidst Alanahalli Layout, Giridarshini Layout and Nandini Layout on Mysuru-T. Narasipur Road. Karnataka Police House Building Cooperative Society, developed the layout, which has turned into an eyesore with construction debris, mounds of waste and plume of dust.

The locality has over 350 houses, falling in the jurisdiction of Chamundeshwari Assembly Constituency. Majority of the dwellers here are serving and retired Government Officers. They spent several lakhs of rupees to build their dream home, but the lack of adequate roads and Underground Drainage (UGD) has left them worried.

The topography of the layout consists of about 8-9 main roads connected to several streets, but no roads are devoid of potholes, lurking danger. Minor accidents are regular, with riders suffering injuries and admitted to hospitals for treatment.

A stretch of road that connects Netaji Nagar with Lalithadripura greets the people with mounds of waste dumped on the road side. Ankada Katte Lake on the other side of the road faces threat of ceding space to the dumping of regular waste and construction debris, which may wipe out its existence in future, which rakes up suspicion of a conspiracy.

While it is said that, Netaji Layout ,which earlier came under the jurisdiction of Alanahalli Gram Panchayat, now comes under Rammanahalli Town Panchayat. But neither of the local bodies are accepting any of the civic grievances, forcing the residents to run between the two offices, as explained by residents Gantaiah (Krishnappa), retired Principal S. Lolakumar, retired Police Sub-Inspectors P. Basappa and Marilingaiah, retired officers of various departments Krishnappa, Guruprasad and Puttarangaiah, while narrating the enduring ordeal to *Star of Mysore*.

Gantaiah said, by naming the locality after a great personality like Netaji Subhash Chandra Bose, the officials and local elected representatives, have insulted the personality, by not taking any steps for the upkeep of the locality. It can be aptly called as 'Jinxed Layout.'

Mariswamy, a retired Dy.SP, recalled how horrible it becomes to live during rainy season, with UGD water overflowing into houses. "The filth accumulates on the road itself. It is the condition we are living in, for the past 25 years," he added.

The residents rued over how their multiple representations from Netaji Nagar Residents Welfare Association regarding road development and UGD repair works, to local MLA, MP and CM Siddaramaiah have gone unheard.

MCC roof repair works underway

The ongoing restoration works of the roof of MCC Main Office building on New Sayyaji Rao Road in city.

Mysuru, Feb. 5 (PM&BS)- The work on restoring the roof of Mysuru City Corporation (MCC) Main Office on New Sayyaji Rao Road is going on a full swing, with the target to complete the works before the rainy season.

MCC Deputy Commissioner (Development) K.J. Sindhu said, the repair works of artistic layer of false ceiling made of Plaster of Paris has been completed. Now, restoration works related to the roof of the building has been taken up. The layer of the roof is being removed without damaging the structure and being repaired in same old method applied in construction of heritage buildings, at an estimated cost of Rs. 1 crore.

During December 2024, there was seepage of water in the roof of the building, following heavy rains. The seepage had affected the functioning of various divisions located in the first floor of the building. Though the process of issuing work order to take up the repair works of the roof had been completed, the works were not taken up due to rain. The works were launched in the later days and going on in a expeditious manner.

With the building structure being old, the same method followed in constructing heritage buildings is being followed, conforming with the recommendations of District Heritage Committee. The water proofing is being conducted using the construction materials that were in vogue earlier, said a MCC Officer.

If the modern methods were followed in water proofing, the works would have been completed by this time. However, there is no scope for such methods here and hence lime and mortar is being used in repair works. The layer of the roof is about 10 inches thick and six inches of the layer are being removed, to repair the water proofing.

Presently, the works are taken up in one part of the building. Once the works are completed in that portion of the building, the works on the remaining portions of the building will be taken up.

Day-4: Kodava peace march to reach Bethri

Historic Kutta-Madikeri community walk to complete 62.8 kms today

Virajpet, Feb. 5 (BCT)- The fourth day of 82-km 'Kodavaame Baalo Padayatra,' a peace march from Kutta to Madikeri, began this morning from Bittangala.

The march, advocating for community's constitutional rights and protection of its unique costumes, customs and traditions, aims to draw the Government's attention to the challenges threatening their existence and security.

The march began on Feb. 2 from Kutta, reaching T. Shettigeri on first day. On Feb. 3, it continued to Ponnampet and on Feb. 4, thousands of participants, dressed in traditional attire, walked from Ponnampet to Bittangala via Gonikoppa. By this evening, they are set to reach Bethri, covering 62.8 kms, before reaching Madikeri on Feb. 7.

Grand welcome, orderly traffic

From Bittangala, the marchers resumed their journey via Heggade Samaja, passed through Virajpet Clock Tower and Kakotuparambu, before concluding the day's walk at Bethri. Thousands of Kodavas and Kodava-speaking communities, clad in traditional attire, are actively participating in the walk.

The march witnessed an exceptional reception along the way. In Gonikoppa, the entry of the 10,000-strong crowd was dramatic yet orderly, with no traffic disruptions. Locals showered flower petals, offered refreshments and distributed juices as a warm gesture.

Due to the overwhelming participation, for the first time, the Police used long nylon ropes to keep marchers to the left side of the road, ensuring smooth vehicular traffic flow.

Despite the massive turnout, not a single incident of misbehaviour or traffic congestion was reported.

The Kembatti community, the original inhabitants of the region, welcomed the marchers with refreshments at Jodubeeti. Further along, near the Coffee Board, local Kodava families in Aruvathokkalu village extended their hospitality.

Several community organisations, including Koyava Samaja, Iri Samaja, Kodava Madivaala, Boone Pattama and Savitha Samaja, also organised welcome ceremonies along the route.

Tributes to Army heroes

At Gonikoppa, marchers paid tributes to Field Marshal Kodandera M. Cariappa and General Kodandera S. Thimayya by garlanding their statues near Cauvery College. The villagers of Kaikeri hosted lunch, while at Hathur village, locals provided refreshments.

Prayers were offered at Vana Bhadrakali Temple, where devotees also arranged refreshments. The Kannangala Jamma Muslim community extended their support, with Mandamada Mohammed enthusiastically expressing solidarity with the marchers.

At Bittangala, the Heggade Samaja, led by Padanjaranda Aiyappa, welcomed participants with a traditional lamp-lighting ceremony and a high tea with snacks.

Today, the 'Kodavaame Baalo Padayatra' crossed Virajpet Clock Tower, Bus Stand and a lunch stop was arranged at Virajpet Kodava Samaja.

Later, the procession will pass through Chikpet Junction, Kadanur, Arameri and Kakotuparambu, before reaching Bethri near Murnad in the evening.

111 years for Virajpet's iconic Clock Tower

Virajpet, Feb. 5 (BCT)- Virajpet's historic clock tower, a prominent landmark in Kodagu, turns 111 today (Feb. 5, 2025). Built to commemorate the 1911 Coronation Durbar of King George V, its foundation stone was laid on Feb. 5, 1914, by Sir Hugh Daly, then Chief Commissioner of Kodagu.

The Mukkatira family of Devanageri village donated the land and the tower was inaugurated in Jan. 1915 by District Magistrate R.K. Ellis. It was later handed over to the Town Municipal Council (TMC) by Mukkatira Ayyappa.

In 1977, the tower faced a demolition threat under a road widening proposal by then PWD Minister Chennabasappa. However, public opposition saved it, preserving its legacy as a symbol of Virajpet's heritage.

IT raids at 30 places

(Continued from page 1)

The entrepreneurs being investigated are involved in real estate, civil contracting, government projects, brick manufacturing and other commercial ventures.

The searches, which have been ongoing for over seven hours, involve the examination of immovable property documents, cash, gold holdings and financial records to verify compliance with past Income Tax returns. Officers have also seized documents from vehicles and are currently verifying them.

To avoid suspicion, sources revealed that in some densely populated areas of Bengaluru, the vehicles used for the raids were decorated like wedding processions, likely as a precaution against information leaks.

WORD OF THE DAY

Disputatious

Pronunciation: dis-pyuh-TAY-shus (adjective).

Meaning: Disputatious is a formal word used to describe someone who often disagrees and argues with other people (in other words, someone inclined to dispute). It can also describe something marked or characterised by arguments or controversies, or something that provokes debate or controversy.

Origin: Quarrelsome, contentious, polemical — the English language sure loves a multisyllabic word to describe your tetchier types, and who are we to argue? Disputatious is another lengthy adjective applied to people who like to start arguments or find something to disagree about, and it can be used to characterise situations and issues as well. For example, court trials are disputatious; that is, they are marked by the action of disputing. And an issue or matter is disputatious if it provokes controversy. However, if a matter, such as an assertion made by someone, is open to question rather than downright controversial, it's merely disputable. In any case, there's no arguing that disputatious, dispute, and disputable have diverged somewhat in meaning from their Latin source: the verb dispurare means simply "to discuss."

Example: "The 1990s were especially disputatious; civil wars arose on multiple continents, as did major wars in Europe and Africa." — Paul Poast, The Atlantic, 17 Nov. 2023.

THE ODD WORD

Decimestrial

Lasting ten months.

PHRASE OF THE DAY

Dead Ringer

Meaning: The phrase 'Dead Ringer' is used to indicate that one person or thing is exactly like another.

Origin: The expression 'Dead Ringer' comes from American horse racing and originated at the end of the 19th century, when a horse that would be raced under a false name and pedigree was called a ringer. The word 'dead' in this expression refers not to lifelessness, but to "precise" or "exact."

Example: "Jennifer is a dead ringer for her grandmother."

QUOTE BOX

Faith is taking the first step even when you can't see the whole staircase.

— Martin Luther King Jr.
